

Winners of the Best Poster Competition 2010 sponsored by Waters Corporation

Jeremy Hasseman

[Influenza A H1N1: A Rapid Approach to Cloning and Protein Expression](#)

Yuitan Gan

[Optimizing in-source decay as a high-throughput alternative to Edman degradation for the determination of protein termini](#)

John Asara

[An Instrumental and Software Platform for The Targeted Protein-Protein “Interact-ome” of Signaling Pathways from Drosophila to Human Cancer Cells](#)

Caifu Chen

Direct Detection of rare circulating tumor cells in blood by castPCR

Jeremy Hasseman, Roy Martin (Waters Corp.), Yuitan Gan, John Asara, Caifu Chen
